

PROshooters

Put the puck in the net!

Shooting, Passing, Puck Control

PROshooters' technique-driven personal training will help you achieve greater **on-ice confidence** by providing you with the skills and knowledge necessary to control the puck at all times and in any game situation. Handle it, carry it, pass it, clear it or, better yet, *put it in the net!*

MAXIMUM POWER, PIN-POINT ACCURACY, TOTAL CONTROL

Starting with a one-on-one evaluation session, we'll develop a step-by-step program that addresses your weaknesses and builds on your strengths, while teaching you the proper techniques for maximum power, pin-point accuracy and total puck control.

PERSONAL DEVELOPMENT REQUIRES BOTH SKILL AND KNOWLEDGE

In addition to providing you with the ability to execute, we'll teach you situation-specific play options, instilling in you the knowledge and confidence to quickly make the right choice. *Know how, know what, know when!*
